- 5. The reasons that have necessitated and/or justify the said Scheme are, inter-alia, as follows :-
 - I. The Transferor Company is a multi activity company and with such diversified business and multi activities, the Transferor Company has not been able to fully exploit the potential and business opportunities of all such business. For fully exploiting the potential and vast opportunity of growth of all such business, the Board of Directors of the Transferor Company felt the business of the Transferor Company be restructured and Aluminium Undertaking, Steel Undertaking, Coated Metal and Mosquito Coil Undertakings and Packaging Undertaking be demerged into separate companies so that each company is able to focus, concentrate and fully exploit vast opportunity of growth and development of such business and, such restructuring will enable the Transferor Company to focus and concentrate in its remaining business for its proper growth and development.
 - II. Under the Scheme, it is intended to restructure and reorganise the business of the Transferor Company by demerging:-
 - (a) Aluminium Undertaking to MALCO;
 - (b) Steel Undertaking to MAST;
 - (c) Coated Metal and Mosquito Coil Undertakings to MACMIL; and
 - (d) Packaging Undertaking to MAIL.
 - III. There is no synergy in the present multifarious activities of the Transferor Company and restructuring of the Transferor

Company under the said Scheme by demerging its various undertakings to the Transferee Companies will result in significant growth and development of demerged business which the Transferor Company is unable to achieve under a common umbrella.

- IV. Each of the demerged business shall become the core business of the respective Transferee Companies and the respective Transferee Companies shall be in a position to focus and concentrate in their respective core business. Such focus and concentration in the core business by the respective Transferee Companies will not only enable growth of such core business but will also enable the respective Transferee Companies to manufacture and/or produce the goods and/or commodities of such core business more economically and more efficiently and this will enable the respective Transferee Companies to withstand severe competition in the market.
 - V. Demerger of various Undertakings of the Transferor Company to the Transferee Companies shall result in unlocking of enormous potential and resources of the Transferor Company and decentralise the business and affairs of the Transferor Company.
 - VI. The demerger will facilitate more transparent benchmarking of the demerged undertakings with their peers in their respective industries.
 - VII. The demerger is also wholly in the interest of the shareholders of the Transferor Company in as much as every shareholder of the Transferor Company shall receive same number of shares in each of the four Transferee Companies which he holds in the Transferor Company.
 - VIII. The shares of each of the Transferee Companies are also proposed to be listed in the Stock Exchanges and this will result in better realisation of value of shares by the shareholder by reason of unlocking of great potential resources and assets of the Transferor Company.
 - IX. The restructuring of business of the applicant companies, as envisaged in the Scheme, for the reasons stated hereinabove is in the interest of all the applicant companies and their respective shareholders, employees and creditors and of all concerned.
6. The Directors of applicant companies have no material interest in the proposed Scheme except as shareholders in general. The Transferee Companies being wholly owned subsidiaries of the Transferor Company, the Director of applicant companies do not hold any share in the Transferee Companies.
